Broker Information and Guidelines

Dash Point Financial Services, Inc. (DPF) welcomes the opportunity to work with independent brokers throughout the United States. Our industry niche is factoring smaller deals that larger institutional entities avoid. Firms with invoice volumes of under \$10,000 to start per month are preferred. We avoid construction, medical and transportation receivables. We welcome inquiries from service companies and manufacturing firms, including janitorial companies, temporary guard services, courier services, and companies doing business with utility companies and local, county, or state governments.

Our broker commissions are 15% of gross factoring fees, paid on the tenth of the month following payment of invoices. A Broker Report is available with each commission payment, provided online. Commissions are electronically deposited and may take a few days to appear in your bank account.

Please complete all forms in this packet including the ACH Direct Deposit Form. Include a voided check and fax all forms with your signature.

Simple steps to work a deal:

- Broker finds an interested client
- Broker screens the client with the above DPF requirements (if in doubt, call)
- Broker works with client to fill out the online Application Form found on DPF's web site.
- Submit the completed form and prospect's aging report if available to DPF.
- Once final approval is made, set up documents signed, and the first invoice is verified, the client receives the advance.
- Monthly broker commissions are paid following customer payments.
- Every new schedule generates another commission for the Broker.

If you need help or assistance, don't hesitate to call.
